Pool Season Staffing Update

As the pool season winds down, we want to inform residents about changes to
our staffing that will take effect as students return to school.

Typically, all pools close after Labor Day. However, this year, Guilford Pool will
be open until Friday, September 12!

Most of our college student employees have already returned to school, and the
remainder of our high school staff will be leaving after August 25. This means
that from late August through Labor Day (September 12 for Guilford Pool), the

pools will have limited staffing, primarily for opening and closing. The maintenance team will handle all routine pool maintenance.

Please note: There will be no lifeguards on duty during this period. This will be clearly posted at all pools!

We ask that residents and guests continue to sign in at each pool.

For the safety of all residents, please remember the following:

- Children under 14 years old must be accompanied by an adult.
- Adults are responsible for keeping their children within arm's reach at all times.
- All residents must follow the posted pool rules for the enjoyment and safety of everyone.

Reporting Concerns:

Your cooperation is key to ensuring a safe and enjoyable end of the season. If you have any concerns regarding the pools:

During business hours (Monday - Friday): Contact the Master Association office at 860-673-6193. The Master Association office will be closed for Labor Day, September 1, 2025.

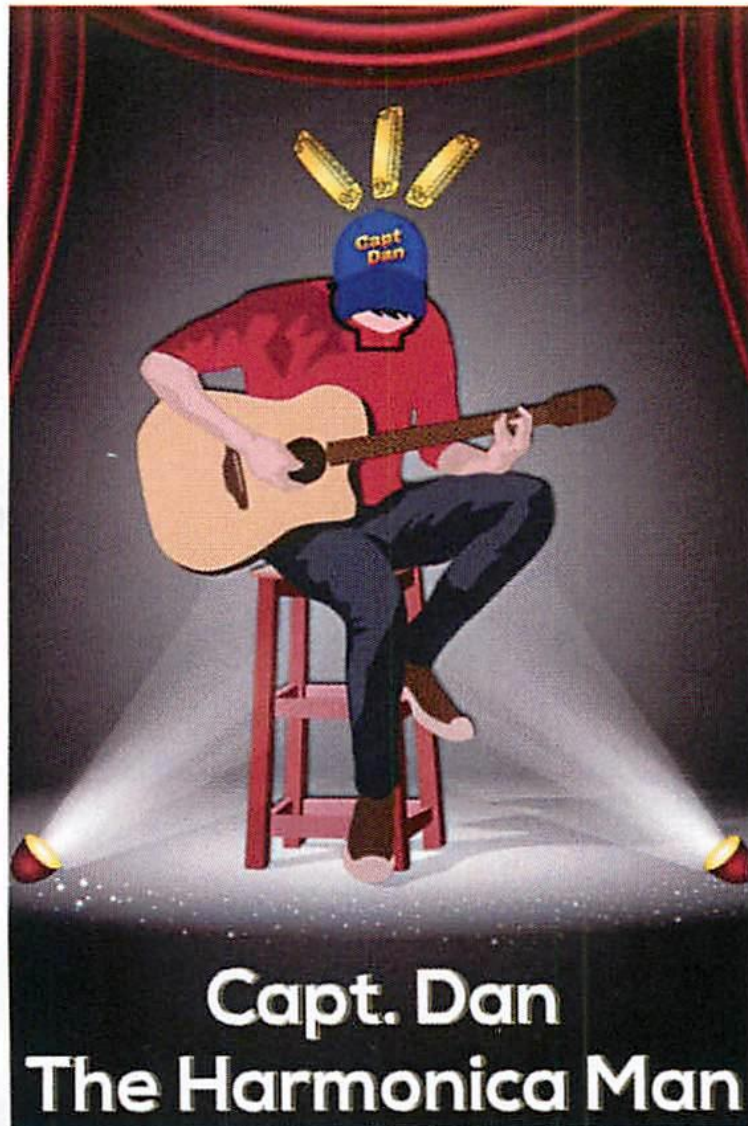

After 4:30 PM, on weekends, and on holidays when the Master Association office is closed: Please call the West Avon Road guardhouse at 860-673-0778. Security staff will then contact the on-call maintenance technician to address the issue.
