

## **Please Observe Stop Signs and Posted Speed Limit**

---

### **Drivers**

Our speed limit of 20 MPH was established in collaboration with the Town of Avon and the Town of Farmington Police as a safety measure on our narrow and winding streets. The speed limit is posted many times throughout the Woods. However, some drivers continue to ignore the regulation and travel at unsafe speeds through our neighborhoods. Please obey the 20 MPH speed limit. It will only cost you a minute or two in reaching your destination, but can prevent a senseless accident.

Please share these rules with your guests, contractors, and/or delivery people.

- Come to a full STOP at all stop signs.
- Obey the 20 MPH speed limit.
- Do not pass cars on our narrow streets.
- Do not tailgate at the entrance gates.

## **Pedestrians**

Please Use Sidewalks Where Available

- Unless there is a sidewalk, please remember to walk/jog/run against traffic (left side of the road).
- Wear light colored or reflective clothing at night for visibility.
